EPCOT DRINK AROUND THE WORLD

La Cava Avocado

La Cava del Tequila

This margarita from Mexico is made with Tromba Blanco Tequila, melon liqueur, fresh avocado, lime juice, and served frozen with a hibiscus salt rim. This drink is just so refreshing and creamy — trust us, it will surprise you in a good way!

Mango Rum Freeze

Refreshment Outpost

This drink is simple -- made with mango puree and Starr African Rum. YUM.

Frozen Viking Coffee

Kringla Bakeri Og Kafe

This drink from the Norway Pavilion is made with Baileys Irish Cream Liqueur and Kamora Coffee Liqueur with coffee-chocolate sauce and garnished with coffee-chocolate crunch. Yes, we like our dessert in boozy coffee form sometimes. You can also get the non-alcoholic version of this by ordering the Kristoff Kaffe instead.

Pink Grapefruit Hefeweizen

Multiple Germany Locations

This beer is a light, crisp, and refreshing drink with a nice hint of grapefruit flavor. But you DO need to like grapefruit to appreciate it, so keep that in mind.

Tipsy Ducks in Love

Joy of Tea

This coffee drink from the China Pavilion is made with bourbon, black tea, coffee, cream, and chocolate.

Italian Margarita

Gelateria Toscana

This frozen drink from the Italy Pavilion is made with frozen limoncello, tequila, and margarita -- making it a solid refreshment on a hot summer day!

EPCOT DRINK AROUND THE WORLD

Tennessee Lemonade *Regal Eagle Smokehouse*

This is one of our go-to drinks when we need something super refreshing in the American Adventure Pavilion. It's made with Jack Daniel's Tennessee Whiskey, Minute Maid Premium Lemonade, and peach flavoring.

Grand Mariner Orange Slush *Les Vins des Chefs de France*

This slushy is a mixture of Grand Marier, Rum, Grey Goose Orange, and orange juice. It's basically a grown-up Creamsicle in beverage form!

Sake Slushy *Kabuki Cafe*

This Japan Pavilion drink is an alcoholic shaved ice available in several flavors -- including blood orange, coconut pineapple, and blackberry.

Snake Bite *Rose & Crown Pub*

This UK Pavilion drink is made with half cider and half Harp Lager. It's a great choice for those who might not like beer all that much, and a clear winner for those who prefer beer to cocktails.

Frozen Mint Tea *Oasis Sweets & Sips*

This is a frozen mint tea (no surprise there) from the Morocco Pavilion -- made with Bombay Sapphire Gin. And really, what's not to love about an icy and minty boozy drink when it's 90+ degrees out? You can also get the frozen mint tea minus the alcohol.

Ottawa Apple *Canada Popcorn Cart*

This drink is made with Crown Royal Whisky, maple, apple infusion, and cranberry juice. (While you're at it, grab a bag of Maple Popcorn to munch on during your trip around the world!)
